

**John Doe**

123 Main Street, Anytown, USA | (555) 123-4567 | johndoe@email.com

---

## Objective

Highly motivated and detail-oriented software developer with a passion for creating efficient and scalable solutions. Seeking a challenging position where I can utilize my skills in full-stack development to contribute to innovative projects and collaborate with talented teams.

## Education

- **Bachelor of Science in Computer Science** Anytown University, Anytown, USA GPA: 3.9/4.0 Graduation: May 20XX

## Technical Skills

- **Languages:** JavaScript, Python, Java, C#
- **Web Development:** HTML5, CSS3, React.js, Vue.js, Node.js, Express.js
- **Database:** SQL, MongoDB
- **Version Control:** Git, GitHub
- **Other Tools:** Docker, Kubernetes, AWS, Google Cloud Platform

## Experience

**Software Developer Intern** XYZ Company, Anytown, USA | Summer 20XX

- Collaborated with the development team to design and implement new features for the company's flagship web application.
- Conducted code reviews and provided feedback to ensure code quality and maintainability.
- Assisted in troubleshooting and debugging issues reported by users, improving overall product stability.

**Web Development Project** Freelance Web Developer | 20XX - Present

- Developed and deployed responsive websites for small businesses and personal portfolios using modern web technologies.
- Implemented custom features and functionality based on client requirements, resulting in improved user experience and increased site traffic.
- Provided ongoing maintenance and support to ensure optimal performance and security of websites.

## Projects

### E-commerce Website

- Developed a full-stack e-commerce platform using MERN stack (MongoDB, Express.js, React.js, Node.js).
- Implemented user authentication, product catalog, shopping cart functionality, and secure payment processing using Stripe API.

## Task Management Application

- Created a task management application with Vue.js frontend and Node.js backend.
- Implemented CRUD operations for tasks, user authentication, and real-time updates using Socket.io.

## Certifications

- **AWS Certified Developer - Associate** Amazon Web Services (AWS), Certification ID: XXXXXXXX

## Professional Memberships
